

Award Recipient Criteria

IAs with an average instructor evaluation score in the top 50% or higher are identified.

Of IAs receiving an instructor evaluation in the top 50% or higher, those who received 10 or more student evaluations are further considered and sorted by average student evaluation scores.

An average of three graduate student recipients and three undergraduate student recipients are identified in each quarter, with up to 21 total award recipients designated, in the event of ties.
